

REMARKS

The specification has been amended to make reference to the Japanese Application from which this application originates and to incorporate by reference the Japanese priority application. The specification has also been amended to conform to U.S. practice. A marked-up copy and a clean copy of the substitute specification are provided.

Claims 1 and 2 have been cosmetically amended to put them in conformity with U.S. claiming style. Claim 3 has been amended to eliminate multiply dependent claim. The amendment is made to reduce filing fees and not for any other reason related to patentability of such claim. Claims 4-20 have been added to restore the subject matters that was removed as a result of the amendment. New claims are fully supported by the original claim and the specification.

Abstract has been amended to conform to U.S. practice.

No new matter has been added by these amendments.

In view of the above amendment, applicant believes the pending application is in condition for allowance.
